

BAND REMINDERS 11/2/2021

General

Please, do not machine wash the new jackets/pieces. We will have a committee that washes them as a group after state. Students will need to bring them back to the school for storage at some point after state.

Payment letters will go home this week so that you will know how much that you owe towards the state trip. Let's get this in as soon as possible!

Junior Letters will be given out at the State Send off performance. Get the word out!

The A/V club is going to come out and make an official video of this years show at the State Send-off performance. This will be the video that we can share like crazy on social media!
